Quote Title: Bioinfiniti Cure Website	Created by: Hat Incorporation
Final Price: USD 4000	

Objective:

To design and develop a content-rich, emotionally compelling, and scientifically sound website titled "**Bioinfiniticure.com**" on behalf of **Bioinfiniti Cure**, presenting the revolutionary Emy's Antidote. The platform will function as an informative and engaging digital digital home for Emy's Antidote, evidence, testimonials, and visuals, incorporating all associated multimedia content and an easy-to-use backend CMS for content management. Website design will take inspiration from Moooi.com, Sanaheal.com, Tesla.com, and Antiverse.io, with a primary focus on Sanaheal.com's design.

Reference Document Provided:

Emy's Project Requirement Document.pdf

(https://hatinco.com/site_admin/post/general/files_upload/e53693533d5cc15fbdf00663410a0f06.pdf)

Design Guidelines:

- **Background:** Solid white
- **Text:** Electric Blue (Emy's Antidote logo color). The letters "tidote" will be in a navy blue-ish color.
- **Accent Color:** Green (for highlights, links, headings)
- **Outline:** Black, minimalistic border outlines where needed
- **Typography:** Modern, clean fonts similar to Sanaheal.com

Website Features:

Hero Section

- Fullscreen background video (to be provided by client)
- Animated "Emy's Antidote" Logo: Subtly animated (e.g., float or pulse effect), with transparent blending over the video section.
- Responsive and lightweight frontend
- Fade-in welcome message or tagline
- Tagline: "Inspired by Faith. Ignited by Science. Pursued by Medicine."
 - Subtext: "Over 600 Human Lives. Trusted by self-requested Recipients over five years. Empowered by Discovery. Guided by Healing. Backed by Breakthroughs. In conquering the world's fiercest Viruses, bacteria, and pathogens in record-breaking time. Entire ecosystems—trees, plants—have regenerated with unheard of Vibrancy and growth, while pet owners have witnessed its miracles firsthand on their own animals."
 - Emphasis: "SAFE. No additional ingredients. Vetted for toxicity. No side effects. A Sound water that cellular regenerates. Achieving Successful Results All Across. Not Just Any Water. From the Perception of Improbability, It Emerged as a Cure, a treatment, and a Victory. 'Emy's Antidote' Naturally Becoming the Next Breakthrough in Human History." (This text will be in a larger, bold font, similar to medical flyers)
- Visual graphics: Symbolic imagery such as molecular visuals, sound, water, happy and healthy people (adults and children), and healing light. Light colors (white, grey, green, blue, starry colors) will be used.
- Dynamic content loading

About the Cure

- Clean content section (styled similarly to Sanaheal.com)
- Concise origin story of Emy's Antidote
- Highlights of spiritual and scientific grounding
- Explanation of how the cure works at a molecular level
- Optional inclusion of symbolic Quranic references

Testimonials Section

- Upload and display client and patient testimonials

- Media support: text, images, documents (PDF), and videos
- Dynamic loading of content through CMS
- Sections:
 - Before/After Recovery Stories
 - Voice/Video Testimonials
 - Medical Observations
- Dynamic CMS loading and expandable content tiles (modal popups)

Scientific Documents

- Upload and present research documents, PDFs, reports, etc.
- Organized in a tabbed or accordion style format
- Optional features: * Filter by document type, topic, or date * Download tracking * Version control

Video Section

- Background videos (e.g., Sound and DNA animation)
- Layered animated elements (e.g., logo motion)
- Optional: Include a visual of sound water cure affecting virus protein structure.

Interactive Timeline Section

- A chronological visual layout of major milestones in Emy's Antidote's journey:
 - Research phases
 - Testimonies
 - Documented recoveries
 - Recognitions and awards

Impact Counter (Live Stats Section)

- Dynamic counter showing the number of people impacted (e.g., "505+ lives touched and counting.")

Contact Us Form

- Fields:
 - Name
 - Email Address
 - Subject
 - Message
 - Dropdown/Checkbox for reason for contact:
 - General Inquiry
 - Interested in Cure
 - Collaboration Opportunity
 - Press/Media
- Functionality:
 - Required field validation
 - Email submission to admin inbox

Backend (Admin CMS)

- Secure login system for administrators
- Upload & manage:
 - Text content
 - Images
 - Videos
 - Testimonials (video/text)
 - Research documents (PDF, Word)
- Dashboard interface to manage content sections dynamically
- Optional Add-ons:

- Version control for scientific documents
- Tagging and categorization tools for filtering
- Moderation panel for user-submitted content

Final Notes

- Frontend must be fully responsive, lightweight, and SEO-optimized.
- Emy's Antidote logo animation should symbolize healing and movement.
- All sections should be easy to manage via the backend CMS.
- A short tagline or descriptor should clearly link Bioinfinicure as the official platform of Emy's Antidote.

Total Project Cost: \$4,000 USD

- This quote covers the complete design and development of the Bio Infinity Cure website, including CMS integration and all features as defined in the requirement document.

Scope of Work Includes:

- - Custom web design inspired by references like sanaheal.com, moooi.com, antiverse.io, and tesla.com
- - Background video section with animated, semi-transparent logo overlay
- - About, Testimonials, Research/Document Upload, and Contact sections
- - CMS platform to manage and upload images, text, documents, and videos
- - Responsive layout for all devices

Design & Feedback Process

- **Layout Options:** We will provide two design layout options for you to choose from. If the first design is not approved, we will present a second alternative.
- **Revisions:** Once a design is finalized, the project includes up to three rounds of feedback and revisions at no additional cost.

TimeLine

- The project will take approximately three to four weeks to complete.

Deployment & Feedback Process

- After deployment, you will have a two-week period to test the website. During this time, two rounds of feedback and revisions are included.

Additional Charges (Post-Revision)

- Changes outside the defined scope or after the three rounds of feedback will be billed as follows:
- - Design Work: \$30 USD/hour
- - Extra Functionality or Development: \$40 USD/hour
- - Upload & manage testimonial content (text, videos, documents) via admin panel

Pricing and Payment

- **Total Price:** USD 4000
- For information about payment options, such as credit cards, direct billing, Skrill, Remitly, and WeTransfer, please inquire.
